

OPTIONAL MASKING GUIDELINES

Beginning May 11, 2023, masks are **OPTIONAL** for visitors and healthcare workers (regardless of vaccination status), except for the following scenarios:

VISITORS

Please wear a mask if, within the last 10 days, you have:

- Experienced COVID-19 symptoms or respiratory illness symptoms
- Had exposure to COVID-19, influenza, or RSV
- Consider masking in close contact with high-risk patients
- HWR supports visitors who prefer to continue masking for their own added protection

HEALTHCARE WORKERS

Please wear a mask if, within the last 10 days, you have:

- Experienced COVID-19 symptoms or respiratory illness symptoms
- Had exposure to COVID-19, influenza, or RSV
- N95 masks are required to be worn by Healthcare Workers when caring for patients in airborne or droplet precautions
- HWR supports staff who prefer to continue masking for their own added protection
